

Head Start Program Vision

We will make a difference in the lives of Early Head Start and Head Start children and families.

Head Start Mission Statement

We will strengthen families in southwest Missouri by serving all eligible children and families in a comprehensive educational program designed to meet their developmental, nutritional, health and psychological needs. The program will provide a life changing experience creating socially competent children and self-sufficient families.

Methods for Carrying out the Mission

1. Treat every child and parent with respect and dignity.
2. Do your best work every single day.
3. Develop a positive attitude.
4. Embrace innovation.
